

Simple Room Design

With the Room Planner, you'll never make a design mistake again. Created by acclaimed interior designers to simplify the redecorating process, this planning tool incorporates elements of color, dimension, and style to guide your project. It includes a furniture location guide; room grid; drawing tools; and miniature furniture, rugs, accessories, and color swatches that match our large in-store selection. Here's how to use the planner to create the room of your dreams!

Take a look at how your home is decorated and note the things you like and dislike. Pay special attention to the color scheme and to how each room "feels" to you. Is it inviting? Does it feel comfortable? Does it relax you or does it invigorate you?

Focus on the room(s) you would most like to change. Brainstorm all the things you would change in that room if you could. Don't give a thought to any financial considerations; just let your imagination go wild! It might be helpful to write down all the negatives and positives. You don't need to come up with solutions all at once. Just be clear on what you like and what you hate about that room.
