

## A New Hope

Blackjack Dog Adoption is dedicated to providing the community with services and programs to enhance and protect the human/companion animal bond, promoting responsible pet ownership and reducing euthanasia of adoptable animals. We are focused on enhancing the lives of animals who find themselves homeless and are dedicated to providing services to our local animal shelter that prepares animals for their lasting homes and promotes adoptability.

Blackjack Dog Adoption works diligently to help strengthen the human/animal bond and to make a difference in the lives of homeless animals and to better prepare them for permanent homes. We focus on animals typically overlooked by others and to help our county animal shelter to provide humane housing for where each animal is treated as a being of value and where the euthanasia of adoptable animals is a last resort to overcrowding.

## Who We Are

We're dedicated to the proper care and socialization of our rescued animals and to making a great connection between dogs and humans! We know that families with children often have a difficult time adopting rescued and shelter dogs. So we've made it our special mission to select dogs that do well with kids and adults.
